

Diamond Arts Preschool

NEWSLETTER

HAPPY SPRING CONTINUES!

The weather is beautiful and we are so excited to continue studying all things SPRING with our "3 B words"...

BEES, BUTTERFLIES, and BIRDS!

We will also explore **PLANTS** and learn about how we can take care of our world when we learn about **EARTH DAY**. We have fun games for continuing to excel in literacy and math. Those who are ready will learn more sight words and reading skills.

Thank you for bringing your children to Diamond Arts Preschool so we can play with them, teach them, listen to them, and watch them succeed daily! I adore and love your children and look forward to seeing them each preschool day! Please let me know if you have any questions about things in this newsletter! We are already into April! **Two more months of school!**

Thank you Lacey for bringing your real live reptiles to our class on Tuesday!

-Ms Melinda

CELEBRATING SPRING PARTY!

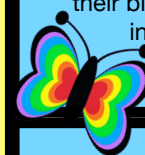

On April 11th we are celebrating springtime and will have a read-a thon of spring books, games, more games, feed our live caterpillars in our class room, and we will plant seeds & grow plants!

Students are welcome to bring a Spring Item for Show and Tell!

PARENTS: Those of you who signed up to assist us with our preschool parties will be contacted by email to see if you would like to assist us for this CELEBRATING SPRING PARTY! The party will last from 9:00-11:30 or 12:-2:30. We do not need any parents to stay all day!

A BIRTHDAY MESSAGE FOR THE PARENTS.

If you wish to bring some small treats or party favors into the preschool to share with the class on the "celebrated" day of your child's birthday then please email me: diamondartspreschool@gmail.com, at least a week ahead of time. If you are in the morning preschool from 9:00-11:30, we do have peanut allergies to avoid when handing out birthday treats! We don't have any allergies to be concerned with in the afternoon from 12:00-2:30 if you are planning a treat to bring to the class. Thank you for emailing us so we can have a plan for that day! It is our wish that each child feels special on their birthday and knows how incredible they are!

HAPPY BIRTHDAY!

Coco Blackburn - April 13th

Harlow Nelson - April 17th

APRIL THEMES for the month of April are:
All Things **SPRING READING & WRITING**
BEES, BUTTERFLIES and **BIRDS** and
STUDYING PLANTS for **EARTH DAY**.

We are so excited to play, learn, dance, and sing during April!
We will sing songs and read books that go along with our themes and challenge our students with our circle time! We will be rehearsing our tap dance and musical theatre for our **SPRING SHOWCASE PERFORMANCE** next month!

SPRINGTIME READING & WRITING

We will have fun with writing, scissor skills, coloring, and craft projects every day. The older 4 and 5 year olds will have extra classwork assignments that go along with our themes in a more advanced approach and the focus these last 2 months is on our sight words, letter sounds, making words, and reading skills.

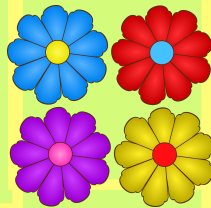

BEES, BUTTERFLIES, & BIRDS

We are going to read, write, and make crafts about our "3 B words"... Bees, Butterflies, and Birds! We will also make art projects and continue to work on all kinds of fine motor skills! We will place caterpillars in a net cage in our preschool room. We will feed them and watch as they turn into butterflies!

STUDYING PLANTS for **EARTH DAY**

We will learn about Earth Day and plant a real plant in our classroom! We'll water it and watch it grow during April. We will learn more upper case and lower case letter recognition, new words, shapes, numbers, and math manipulations. Being grateful for the world around us will be taught along with taking care of our world!

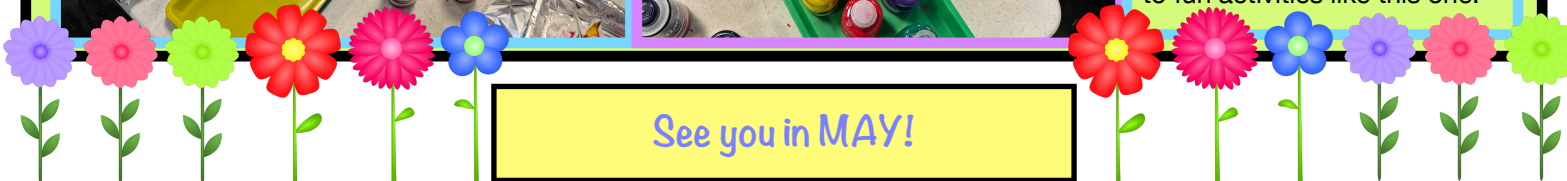

"PROUD OF ME" PARENT SHOW AND TELL

We have two more "PROUD OF ME" times left in our preschool year. I am so incredibly proud of your children and all the work they are doing this year!

For the month of April the "PROUD OF ME" time with parents will be **Tuesday, April 30th @11:20 for morning students and @2:20 for afternoon and all day students!**

(Photo above)
We had so much fun during March and your children are getting along so well! We had a fun counting project this month with Mr. Zach. We used a big barrel of monkeys and linked them together to see how high we could go. Mr. Zach climbed on our big red ladder and we got to 46 monkeys! Many of your children are seeing how numbers work and are counting much higher thanks to fun activities like this one!

See you in MAY!
